WATER CONSERVATION

As part of our ongoing commitment to water conservation and maintaining a healthy landscape in our community, we kindly ask that you review the recommended watering instructions from Boise Hunter Homes:

Pop-Up Sprinkler & Drip Line Irrigation

- Maximum: 5 minutes
- Frequency: 2 times per day (AM & PM)

Fan or Motion Sprinklers

- Maximum: 10 minutes
- Frequency: 2 times per day (AM & PM)

Avoid Watering During Peak Hours:
5:00 AM – 8:00 AM and 5:00 PM – 8:00 PM
This helps reduce stress on the water system.

Every Drop Counts! 

Join us in protecting our resources and
keeping our neighborhood green the smart way.

Thank you for doing your part!
